Part One

RECENT ECONOMIC DEVELOPMENTS AND THE SHORT-TERM OUTLOOK IN THE ECE REGION

<i>Chapter 1</i> THE ECE ECONOMIES IN AUTUMN 2003	3
1.1 The global context	3
1.2 Western Europe	11
1.3 Eastern Europe	17
1.4 The CIS	28
1.5 The short-term economic outlook	35
(i) Western Europe and North America	35
(ii) Eastern Europe and the CIS	36

Part Two

SUSTAINABLE DEVELOPMENT IN THE ECE REGION

Papers from the ECE Spring Seminar, March 2003

<i>INTRODUCTION AND SUMMARY OF DISCUSSION by the Economic Analysis Division, UNECE</i>	41
<i>Chapter 2</i> ECONOMIC GROWTH AND THE ENVIRONMENT	
<i>Theodore Panayotou</i>	45
2.1 Introduction	45
2.2 Empirical models of environment and growth	47
2.3 Theoretical underpinnings of empirical models	47
2.4 The basic environmental Kuznets curve	49
2.5 Decomposition of the income-environment relationship	51
2.6 International trade	53
2.7 Thresholds, irreversibility and the quest for sustainability	54
2.8 Political economy and policy	56
2.9 The ECE region	57

	Page
2.10 The state of growth and environment in the region	59
2.11 Policy response	59
2.12 Conclusion	60
Annex	62
<i>Discussants' comments</i>	
2.A Richard Herd	68
2.B Tomasz Zylicz	70
2.C Kaj Bärlund	71
<i>Chapter 3 SECTORAL DIMENSIONS OF SUSTAINABLE DEVELOPMENT: ENERGY AND TRANSPORT</i>	
<i>David M. Newbery</i>	73
3.1 Introduction	73
3.2 The evolution of energy policy	74
3.3 Sustainable development	75
3.4 Energy use and growth	77
3.5 Sectoral energy use	79
3.6 The effect of price on energy use	80
3.7 Policy to increase the efficiency of energy use	81
(i) Carbon dioxide emissions	81
(ii) Emissions of other pollutants	82
(iii) Particulates	82
(iv) Sulphur dioxide	83
(v) Nitrogen oxides	84
3.8 Designing efficient energy pollution policies	85
3.9 The current pattern of energy taxes and subsidies	86
3.10 Explaining current fuel taxes	89
3.11 Designing an efficient set of fuel taxes	90
(i) Sulphur taxes and sulphur trading	91
(ii) Particulates	91
(iii) Nitrogen oxides	92
3.12 Taxing transport fuels	92
3.13 Concluding remarks	93
<i>Discussants' comments</i>	
3.A Inge Mayeres	94
3.B Thomas Johansson	96
3.C George Kowalski	97
3.D José Capel Ferrer	97
Part Three <i>STATISTICAL APPENDIX</i>	
STATISTICAL APPENDIX	101

LIST OF TABLES

Table		Page
1.1.1	Changes in United States real GDP and main expenditure items, 2002QI-2003QII	4
1.2.1	Changes in real GDP in major economies, 2002QI-2003QII	11
1.2.2	Changes in euro area real GDP and main expenditure items, 2002QI-2003QII	12
1.3.1	Changes in real GDP in eastern Europe, 2001-2004	17
1.3.2	Major demand components of GDP in selected east European economies, 2002-2003	18
1.3.3	Volume of retail trade in eastern Europe, 2002-2003	20
1.3.4	Consumer prices, industrial producer prices and labour costs in industry in eastern Europe, 2002-2003	22
1.3.5	Registered and labour force survey unemployment in eastern Europe, 2002-2003	23
1.3.6	International trade and external balances of the east European economies, 2001-2003	24
1.3.7	Foreign trade of eastern Europe by direction, 2001-2003	27
1.4.1	Changes in real GDP in the CIS, 2001-2004	28
1.4.2	Major demand components of GDP in selected CIS economies, 2002-2003	30
1.4.3	Volume of retail trade in the CIS, 2002-2003	31
1.4.4	Consumer prices, industrial producer prices and labour costs in industry in selected CIS economies, 2002-2003	32
1.4.5	Registered and labour force survey unemployment in selected CIS economies, 2002-2003	32
1.4.6	International trade and external balances of the east CIS economies, 2001-2003	33
1.4.7	CIS countries' trade with CIS and non-CIS countries, 2001-2003	34
1.5.1	Changes in real GDP in the developed market economies, 2002-2004	35
2.7.1	Sustainable growth rates using income levels of 1990	56
3.5.1	Index of industrial energy intensity, 1971-2000	79
3.5.2	Energy intensity relative to average EU energy intensity, 1972-1999	80
3.A.1	Marginal external costs of car use in Brussels, 2005	95
3.A.2	The welfare effect of transport policy reforms, 2005	95
A.1	Real GDP in western Europe, North America and Japan, 1988-2002	101
A.2	Real private consumption expenditure in western Europe, North America and Japan, 1988-2002	102
A.3	Real general government consumption expenditure in western Europe, North America and Japan, 1988-2002	103
A.4	Real gross domestic fixed capital formation in western Europe, North America and Japan, 1988-2002	104
A.5	Real total domestic expenditures in western Europe, North America and Japan, 1988-2002	105
A.6	Real exports of goods and services in western Europe, North America and Japan, 1988-2002	106
A.7	Real imports of goods and services in western Europe, North America and Japan, 1988-2002	107
A.8	Industrial output in western Europe, North America and Japan, 1988-2002	108
A.9	Total employment in western Europe, North America and Japan, 1988-2002	109
A.10	Standardized unemployment rates in western Europe, North America and Japan, 1988-2002	110
A.11	Consumer prices in western Europe, North America and Japan, 1988-2002	111
B.1	Real GDP/NMP in eastern Europe and the CIS, 1980, 1989-2002	112
B.2	Real total consumption expenditure in eastern Europe and the CIS, 1980, 1989-2002	113
B.3	Real gross fixed capital formation in eastern Europe and the CIS, 1980, 1989-2002	113
B.4	Real gross industrial output in eastern Europe and the CIS, 1980, 1989-2002	114
B.5	Total employment in eastern Europe and the CIS, 1980, 1988-2002	115
B.6	Employment in industry in eastern Europe and the CIS, 1990-2002	116
B.7	Registered unemployment in eastern Europe and the CIS, 1990-2002	117
B.8	Consumer price indices in eastern Europe and the CIS, 1990-2002	118
B.9	Producer price indices in eastern Europe and the CIS, 1990-2002	119
B.10	Nominal gross wages in industry in eastern Europe and the CIS, 1990-2002	120
B.11	Merchandise exports of eastern Europe and the CIS, 1992-2002	121
B.12	Merchandise imports of eastern Europe and the CIS, 1992-2002	122
B.13	Balance of merchandise trade of eastern Europe and the CIS, 1992-2002	123
B.14	Merchandise trade of eastern Europe and the Russian Federation, by direction, 1980, 1990-2002	124
B.15	Exchange rates of eastern Europe and the CIS, 1980, 1991-2002	125
B.16	Current account balances of eastern Europe and the CIS, 1990-2002	126
B.17	Inflows of foreign direct investment in eastern Europe and the CIS, 1990-2002	127

LIST OF CHARTS

Chart		Page
1.1.1	Quarterly changes in real GDP and major expenditure items in the United States, 2000QI-2003QII	4
1.1.2	Monthly unemployment rate and non-farm employment in the United States, January 2000-September 2003	4
1.1.3	Nominal short-term and long-term interest rates in selected industrialized countries, January 1999-September 2003	5
1.1.4	Consumer confidence index and volume of retail sales in the United States, January 2000-August 2003	6
1.1.5	Surveys of business activity in the United States, January 1999-September 2003	6
1.1.6	Monthly output and capacity utilization in manufacturing industry in the United States, January 2000-August 2003	7
1.1.7	Monthly housing starts and mortgage interest rates in the United States, January 2000-August 2003	7
1.1.8	World non-energy commodity prices, January 2000-August 2003	8
1.1.9	Crude petroleum prices, January 2002-September 2003	9
1.1.10	Bilateral exchange rates between the dollar, the euro and the yen, January 2000-September 2003	10
1.1.11	Real effective exchange rates, January 1999-September 2003	10
1.1.12	International share prices, January 1999-September 2003	11
1.2.1	Quarterly changes in real GDP in the developed market economies, 2000QI-2003QII	12
1.2.2	Quarterly changes in real GDP and major expenditure items in the euro area, 2000QI-2003QII	13
1.2.3	Business and consumer confidence in the euro area, January 2000-September 2003	13
1.2.4	Industrial orders in the euro area, January 2000-September 2003	14
1.2.5	Surveys on business activity in the euro area, January 1999-September 2003	14
1.2.6	Consumer prices in the euro area, January 2001-August 2003	15
1.2.7	Employment and unemployment in the euro area, 1999QI-2003QI	15
1.3.1	Quarterly changes in real GDP and industrial output in eastern Europe, 2000QI-2003QII	19
1.3.2	Merchandise trade flows and balances in selected east European economies and Russia, 2001QI-2003QII	25
1.4.1	Quarterly changes in real GDP and industrial output in the CIS, 2000QI-2003QII	29
2.1.1	The environmental Kuznets curve: a development-environment relationship	46
2.5.1	Decomposition of income effects on the environment	53
2.7.1	The income-environment relationship under different policy and institutional scenarios	55
2.9.1	Positioning the ECE developed market economies on the environmental Kuznets curve	58
2.9.2	Decoupling (A) and recoupling (B) of environment and growth in transition and developed economies respectively	58
3.4.1	Energy use in relation to real GDP, 1972-1999	77
3.4.2	Energy use in relation to real GDP at purchasing power parity, 1960-1999	78
3.4.3	Energy use per head in relation to real GDP per head, 1972-1999	78
3.4.4	Energy use per head in relation to real GDP per head at purchasing power parity, 1960-1999	78
3.6.1	Cross-section relation between average energy intensity and average energy price, 1993-1999	81
3.7.1	Carbon dioxide content per tonne of oil equivalent, 1960-1999	82
3.7.2	Emission of particulates in the United Kingdom, 1970-2000	83
3.8.1	The benefits of emissions trading	86
3.9.1	Average mineral oil tax rates, 1997	87
3.9.2	Tax rates on industrial fuels in the EU, excluding VAT, 1997	87
3.9.3	Effective tax rates on domestic fuel in the EU, net of standard VAT, 1997	88
3.9.4	Road fuel taxes in the EU, 2001	89

EXPLANATORY NOTES

The following symbols have been used throughout this *Survey*:

- .. = not available or not pertinent
- = nil or negligible
- * = estimate by the secretariat of the Economic Commission for Europe
- | = break in series

In referring to a combination of years, the use of an oblique stroke (e.g. 1998/99) signifies a 12-month period (say, from 1 July 1998 to 30 June 1999). The use of a hyphen (e.g. 1999-2001) normally signifies either an average of, or a total for, the full period of calendar years covered (including the end-years indicated).

Unless the contrary is stated, the standard unit of weight used throughout is the metric ton. The definition of “billion” used throughout is a thousand million. The definition of “trillion” used throughout is a thousand billion. Minor discrepancies in totals and percentages are due to rounding.

References to dollars (\$) are to United States dollars unless otherwise specified.

The membership of the United Nations Economic Commission for Europe (UNECE) consists of all the states of western Europe, eastern Europe, the Commonwealth of Independent States (CIS), North America and Israel.

For the convenience in presentation, the countries of eastern Europe and the CIS are sometimes grouped into subregions based on geographical proximity.

For historic reasons, the group of countries denoted as *Eastern Europe* refers to the former centrally planned economies (and their successor states) in this part of the ECE region and comprises the following subregions:

- Baltic states (BS-3): Estonia, Latvia and Lithuania;
- Central Europe (CE-5): Czech Republic, Hungary, Poland, Slovakia and Slovenia;
- South-east Europe (SEE-7): Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Romania, Serbia and Montenegro and The former Yugoslav Republic of Macedonia.

The Commonwealth of Independent States comprises the Russian Federation and the following subregions:

- Caucasian CIS (CCIS-3): Armenia, Azerbaijan and Georgia;
- Central Asian CIS (CACIS-5): Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan and Uzbekistan;
- European CIS, excluding Russia (ECIS-3): Belarus, Republic of Moldova and Ukraine.

ABBREVIATIONS

CAFE	corporate average fuel economy
CCGT	combined cycle gas turbine
CEEC	central and east European countries
CFC	chlorofluorcarbons
CHP	combined heat and power
c.i.f.	cost, insurance and freight
CIS	Commonwealth of Independent States
CMEA	(former) Council for Mutual Economic Assistance
CNG	compressed natural gas
CO	carbon monoxide
CO ₂	carbon dioxide
COMECON	Council for Mutual Economic Assistance
CPI	consumer price index
DIW	Deutsches Institut für Wirtschaftsforschung (German Institute for Economic Research)
EBRD	European Bank for Reconstruction and Development
ECB	European Central Bank
ECE	Economic Commission for Europe
ECLAC	Economic Commission for Latin America and the Caribbean
EIU	Economist Intelligence Unit
EKC	environmental Kuznets curve
EMEP	European Monitoring and Evaluation Programme
ESA	European System of Accounts
EU	European Union
FDI	foreign direct investment
FOMC	Federal Open Market Committee
G-7	Group of Seven
GDP	gross domestic product
GDR	(former) German Democratic Republic
GEMS	Global Environmental Monitoring System
GHG	greenhouse gas
gm	gram
HFO	heavy fuel oil
HICP	Harmonized Index of Consumer Prices
HWWA	Hamburgischen Welt-Wirtschafts-Archiv (Hamburg Institute of International Economics)
ICT	information and communications technology
IEA	International Energy Agency
IED	indicators of environmental degradation
IIF	Institute of International Finance, Inc.
ILO	International Labour Office
IMF	International Monetary Fund
IPC	income per capita
ISM	Institute for Supply Management
kg	kilogram

km	kilometre
kt	kiloton
ktoe	thousands of tonnes of oil equivalent
kWh	kilowatt-hour
LCP	large combustion plant
LFO	light fuel oil
LFS	labour force survey
LPG	liquid petroleum gas
LRMC	long-run marginal cost
LRTAP	Long-range Transboundary Air Pollution
MC	marginal cost
MPC	Monetary Policy Committee
MWh	megawatt-hour
NAFTA	North American Free Trade Agreement
NBER	National Bureau of Economic Research
NMP	net material product
NO _X	nitrogen oxides
NO ₂	nitrogen dioxide
OECD	Organisation for Economic Co-operation and Development
OPEC	Organization of the Petroleum Exporting Countries
OPT	outward processing trade
PM ₁₀	particles of less than 10 microns
PPP	purchasing power parity
PSE	producer subsidy equivalent
QALY	quality adjusted life year
R&D	research and development
RD&D	research, design and development
RGDP	real gross domestic product
RPIX	retail price index excluding mortgage interest payments
SAAR	seasonally adjusted annual rates
SARS	Severe Acute Respiratory Syndrome
SO ₂	sulphur dioxide
SPM	suspended particulate matter
tC	tonnes of carbon
toe	tonnes of oil equivalent
TPES	total primary energy supply
UNECE	United Nations Economic Commission for Europe
USSR	(former) Union of Soviet Socialist Republics
VAT	value added tax
VKT	vehicle kilometres travelled
VOC	volatile organic compounds

ABOUT THE MAIN CONTRIBUTORS TO THE SEMINAR

- Kaj Bärlund, Environment and Human Settlements Division, ECE
- José Capel Ferrer, Transport Division, ECE
- Richard Herd, Economics Department, OECD
- Thomas Johansson, International Institute for Industrial Environmental Economics (IIIEE), University of Lund
- George Kowalski, Industrial Restructuring, Energy and Enterprise Development Division, ECE
- Inge Mayeres, Catholic University, Leuven
- David M. Newbery, Department of Applied Economics, Cambridge University
- Theodore Panayotou, Harvard University and Cyprus International Institute of Management
- Tomasz Zylicz, Warsaw University

PREFACE

The present *Survey* is the fifty-sixth in a series of annual reports prepared by the secretariat of the United Nations Economic Commission for Europe to serve the needs of the Commission and of the United Nations in reporting on and analysing world economic conditions.

Until 1997 the *Economic Survey of Europe* was issued once a year as was the *Economic Bulletin for Europe*, the secretariat's second publication which focused on trade and payments issues. At its 52nd Session, in April 1997, the Commission decided to replace these two publications with an annual *Survey* of several issues. In 1998 and 1999 there were three issues each year. There are now two issues a year published in April and November.

The Survey is published on the sole responsibility of the Executive Secretary of ECE and the views expressed in it should not be attributed to the Commission or to its participating governments.

The analysis in this issue is based on data and information available to the secretariat in early October 2003.
