Dear Ms. Marshall,

Following your letter dated 18 November 2016 enclosing the findings concerning compliance by the Czech Republic with provisions of the Convention in connection with decision-making on the Temelin nuclear power plant (ACCC/C/2012/71), I am attaching hereby the statement of the Czech Republic to the recommendations.

We are grateful for the work done by the Compliance Committee to consider this case. Nevertheless, we regret to note that our statement from 5 September 2016 was not taken into account in formulation of final recommendations at all and contrarily to the affirmation in part I point 10. The statement of the Czech Republic remains therefore unchanged.

Yours sincerely,

*Marta Ortová*
