Road Safety Performance Review Capacity Building Workshop for Uganda

Hotel Africana, 1st & 2nd March 2018

***Parallel Session I: Driver
Training and Testing***

transaid

Modernising Driver Testing in Uganda

transaid

Discussion of Pros and Cons

Considerations

- Need
- Location of testing
- Fit for purpose
- Corruption
- Equipment requirements
- Facilities
- Capacity
- Training of Examiners
- Cost
- Funding sources
- Security
- Other

Theory Testing

- Computerised system that:
 - Generates random exam papers from a question bank without human intervention
 - Permits candidates to answer the questions using the computer
 - Marks the exam paper without human intervention
 - Generates pass certificate where appropriate (required for onward progression to practical test)
 - Other

Practical Testing

- Computerised system that:
 - Limits human intervention
 - Only permits candidates who have passed the theory test to undergo practical testing
 - Generates pass certificate as appropriate
 - Other

Consensus

transaid

Knowledge has the ability to empower and inspire. It should be open and accessible to all.
