ECONOMIC COMMISSION FOR EUROPE

INLAND TRANSPORT COMMITTEE

Working Party on Rail Transport

(Fifty-ninth session, Paris (France), 24-25 November 2005,
agenda item 9 (c))

**EUROPEAN AGREEMENT ON MAIN INTERNATIONAL
RAILWAY LINES (AGC)**

Data collecting efforts on the AGC network

Transmitted by the Governments of Bulgaria, Germany, Lithuania and Turkey

Note: At its fifty-seventh session in 2003, the Working Party, recalling UNECE resolution No. 66, Revision 2 - Recommendations concerning the system of marshalling yards of major European importance (TRANS/SC.2/165/Rev.2), which requests the periodical inclusion of the question of the implementation of this resolution in the agenda of the Working Party on Rail Transport, agreed to include this question in the agenda of its 2005 session.

To this end, the secretariat was asked to circulate the above-mentioned resolution No. 66, Revision 2 to all member countries, including the Caucasus and Central Asian member countries, whose railway network had not been included in the AGC at the time of the adoption of the resolution and whose marshalling yards had, therefore, not been incorporated in annex 1 of resolution 66, Revision 2.

The secretariat reproduces below the new information on marshalling yards as reported by member Governments and, in the annex to the document, a draft of the new revised List of Marshalling Yards in the AGC Network which incorporates changes as proposed by member Governments, for consideration by the Working Party.

* * *

BULGARIA

The list of marshalling yards on the AGC lines on the territory of the Republic of Bulgaria - incorporated in annex 1 of resolution No. 66/Rev.2 of UNECE could be revised in the following manner. The stations **Ruse** and **Dimitrograd** could be removed from the list while the station **Plovdiv** should be included.

The names of the Sofia, Plovdiv and Gorna Oryakhovitza stations appear on the network. However, as these are not marshalling yards, it is suggested that the names of the marshalling yards should be correctly recorded with their proper names as follows:

- **Poduyane Marshalling Yard - city of Sofia;**
- **Plovdiv Marshalling Yard - city of Plovdiv;**
- **Gorna Oryakhovitza Marshalling Yard - city of Gorna Oryakhovitza.**

GERMANY

The marshalling yard in **Bremen** should be deleted from the list of marshalling yards on the AGC network in Germany.

LITHUANIA

It is suggested that marshalling yards in **Vaidotai** and **Radviliškis** should be included in the list of marshalling yards on the AGC network in Lithuania.

TURKEY

The marshalling yards in **Eskisehir** and **Malatya** stations should be maintained in the revised list of marshalling yards on the AGC network in Turkey.
