

PROPOSAL FOR DRAFT AMENDMENT TO REGULATION No. 13H

(Braking)

Transmitted by the expert from Germany

**A. PROPOSAL**

Pragraph 5.1.3., amend to read:

"5.1.3 ... type approval testing of the braking system.

**The requirements of annex 8 are deemed to be fulfilled if the complex electronic control systems regarding brakes are already type approved according Regulation xxx."**

\* \* \*

**B. JUSTIFICATION**

The purpose of this amendment is to avoid double type approval activities, if a complex electronic control system among others for brakes is already type approved according the draft of a new regulation on complex electronic control systems affecting the direct vehicle control by the driver (TRANS/WP.29/GRRF/2003/27).
