

PROPOSAL FOR AMENDMENTS TO ECE/TRANS/WP.29/GRRF/2006/32
(Periodical Technical Inspection (PTI))

Note: The text reproduced below was prepared by the expert from OICA in order to propose transitional provisions for the application of the PTI requirements in Regulation N° 13 as proposed in document ECE/TRANS/WP.29/GRRF/2006/32.

A. PROPOSAL

Insert a new paragraph 12.1.2.8., to read:

"12.1.2.8. Until 12 months after the date of entry into force of the Supplement 04 to the 10 series of amendments to this Regulation, Contracting Parties applying this Regulation can continue to grant ECE approvals to the unamended Regulation."

B. JUSTIFICATION

The subject of transitional provisions was not considered when elaborating and discussing the amendment to UNECE R13 for PTI prescriptions. The present document aims to introduce a delay of 12 months in the proposal in order for the technical services, the administrations and the industry to take the proper measures for the application of the new prescription.

The formulation is based on the "General Guidelines for UNECE Regulatory Procedures and Transitional Provisions in UNECE Regulations" (document TRANS/WP.29/1044).
