

**METHODOLOGICAL DEVELOPMENT AND HARMONIZATION  
OF TRANSPORT STATISTICS**

Transport of gas through pipelines

Prepared by the secretariat

1. The Intersecretariat Working Group (IWG) considered the possibility of drafting a questionnaire on the transport of gas through pipelines similar to the questionnaire on oil pipelines transport.
  2. The IWG came to the conclusion that such questionnaire needs the involvement of experts from Gas Industry.
  3. The IWG suggested that the Working Party could establish a task force having for mandate to draft a questionnaire on gas pipelines.
