Working Party on the Transport of Dangerous Goods**

Bern, 21–25 March 2011

Item 5 (b) of the provisional agenda

Proposals for amendments to RID/ADR/ADN: new proposals**Carriage of used lithium batteries contained in equipment
assigned to UN Nos. 3091 and 3481****Revised proposal Transmitted by the Government of Belgium and
Germany**

Belgium and Germany suggest amending the first sentence of special provision 636 (b) to read as follows (new text is underlined):

"Used lithium cells and batteries with a gross mass of not more than 500 g each, wether or not contained in equipement, collected and presented for carriage for disposal ~~between the consumer collecting point and the~~ or in the case of lithium batteries contained in equipment also between the consumer and the intermediate processing facility, together or not with other non-lithium cells or batteries, are up to the intermediate processing facility not subject to the other provisions of RID/ADR if they meet the following conditions: ...".
