Item 4.13.1 of the provisional agenda
1958 Agreement - Consideration of draft Corrigenda
to existing Regulations submitted by the secretariat

## Proposal for Corrigendum 1 to Revision 6 of Regulation No. 37 (Filament lamps)

## Note by the secretariat *

The text reproduced below has been prepared to correct Revision 6 of the Regulation concerning physical errors. It is submitted to the World Forum for Harmonization of Vehicle Regulations (WP.29) and to the Administrative Committee (AC.1) for consideration.

[^0]After paragraph 3.9.5.3.2., add the missing paragraph number 3.10 before "Standard filament lamp", as follows:
"3.9.5.3.2. Not less than 120 per cent of the minimum limits prescribed for the headlamp type concerned.
3.10. Standard filament lamps

Additional requirements for standard (étalon) filament lamps are given on the relevant data sheets of Annex 1.
