**Draft programme of work, biennial evaluation and draft work plan****Programme of work and biennial evaluation for 2014 – 2015****Note by the secretariat****I. Mandate**

1. In accordance with the decision of the Inland Transport Committee (ITC) to review its programme of work every two years, the next review being 2014 (ECE/TRANS/200, para. 120), the Working Party will be invited to review and adopt its programme of work for 2014–2015 as well as the relevant parameters for its biennial evaluation.
2. The present document contains the draft programme of work for 2014–2015, relevant parameters for its biennial evaluation and information on the status of the Working Party.

**II. Draft programme of work for 2014–2015****A. Introduction**

3. The present document sets out the draft programme of work for 2014–2015 of ITC's subprogramme relating to "Rail Transport". The Working Party on Rail Transport (SC.2) is invited to consider this programme for adoption at its current session. It will then be submitted to the ITC and the UNECE Executive Committee for formal approval. The Working Party and the Inland Transport Committee will have the opportunity to adjust its programme of work during the course of the biennium, to be reflected in a separate document.
4. The draft programme of work applies a results-based approach. It comprises, for each cluster of activities, an expected accomplishment and a list of outputs/activities

proposed to be carried out in 2014–2015. The delivery of these outputs/activities is expected to contribute to achieving the expected results.

5. The grouping of programme activities into clusters is the same as that used by the ITC for the biennial evaluation of its subprogramme performance.

6. The following clusters of activities make up the UNECE's subprogramme on transport (ECE/TRANS/2012/9/Rev.1):

---

*Cluster No. Subprogramme: 02 Transport*

---

1	Overall coordination (Inland Transport Committee and Bureau)
2	Transport trends and economics (including Euro-Asian transport links)
3	Harmonization of vehicle regulations, climate change and intelligent transport systems (ITS)
4	Rail transport and Trans-European railway (TER) Project)
5	Inland waterway transport
6	Intermodal transport and logistics
7	Customs questions affecting transport
8	Transport, Health and Environment pan-European programme (THE PEP)
9	Transport of dangerous goods (UNECE)
10	Transport of dangerous goods (ECOSOC)
11	Globally Harmonized System for the Classification and Labelling of Chemicals (GHS) (ECOSOC)
12	Transport of perishable foodstuffs
13	Transport statistics
14	Road transport and Trans-European north-south motorway (TEM) project
15	Road traffic safety

---

7. Furthermore, the outputs/activities listed in this document correspond with the UNECE proposed programme budget for 2014–2015 subprogramme 2: Transport adopted by the General Assembly (A/68/6 (Section 20)). As necessary, they are complemented by additional items to reflect more recent developments and needs of UNECE member States. For easy reference, such new outputs/activities are clearly indicated as "additional".

8. The outputs/activities have been listed under the cluster of activities to which they belong according to the following main categories: (a) meetings and related parliamentary documentation; (b) publications and other information material; and (c) technical cooperation, including, seminars, workshops, training sessions, advisory services.

9. The relevant indicators of achievement, together with baseline and target data, against which performance will be measured, are presented below.

10. The present document is based in substance on the SC.2 work plan for 2012–2016 as adopted by the sixty-fifth session of the Working Party in November 2011 (ECE/TRANS/SC.2/2011/4 and ECE/TRANS/SC.2/216, paras. 55–56) and approved by the ITC at its seventy-fourth session on 28 February – 1 March 2012 (ECE/TRANS/2012/9 and ECE/TRANS/224, para. 93).

## B. Objective and strategy

11. The objective of the UNECE subprogramme of transport is to facilitate the international movement of persons and goods by inland transport modes and improve safety, environmental protection, energy efficiency and security in the transport sector to levels that contribute effectively to sustainable transport.

12. The responsibility for this subprogramme is vested in the Transport Division.

## C. Outputs/activities to be delivered in the 2014–2015 biennium

13. Outputs/activities to be delivered in the 2014–2015 biennium are as follows:
