

## Proposal for amendments to ECE/TRANS/WP.29/GRRF/2013/20

### I. Proposal

*Title of the Regulation*, amend to read:

#### **"Regulation No. 75**

Uniform provisions concerning the approval of pneumatic tyres for ~~motor cycles and mopeds~~ **two- or three-wheel vehicles and quadricycles."**

*Paragraph 1.*, amend to read (incl. the new footnotes insertion):

"1. Scope

This Regulation applies to new pneumatic tyres **designed primarily, but not exclusively**, for vehicles of category ~~L1, L2, L3, L4 and L5~~ **L**<sup>1,2</sup>.

However, it does not apply to tyre types designed exclusively for the "off-road" use, which are marked "NHS" (Not for Highway Service) and to tyre types designed exclusively for competitions.

---

<sup>1</sup> As defined in the Consolidated Resolution on the Construction of Vehicles (R.E.3.), document ECE/TRANS/WP.29/78/Rev.2, para. 2. - [www.unece.org/trans/main/wp29/wp29wgs/wp29gen/wp29resolutions.html](http://www.unece.org/trans/main/wp29/wp29wgs/wp29gen/wp29resolutions.html)

<sup>2</sup> This Regulation defines requirements for tyres as a component. It does not limit their installation on any categories of vehicles."

*Insert new paragraph 2.16.4.*, to read:

"2.16.4. The prefix "AT" for all terrain (ATV) tyres (e.g. AT 18x11-8)"

### II. Justification

The new paragraph 2.34 refers to vehicles categories L6 and L7. Therefore the scope and the title of this regulation should also include those vehicle categories.
