

Working Party on Transport Trends and Economics (WP.5)
29th session (5-7 September 2016)

**INFORMATION ON THE TRANS-
EUROPEAN RAILWAY (TER)
PROJECT DEVELOPMENT**

Gennady I. Bessonov
TER Project Manager

BASIC DATA

UNECE is the Executing Agency of the Project, responsible for its technical and administrative backstopping and the co-ordination of Project's activities

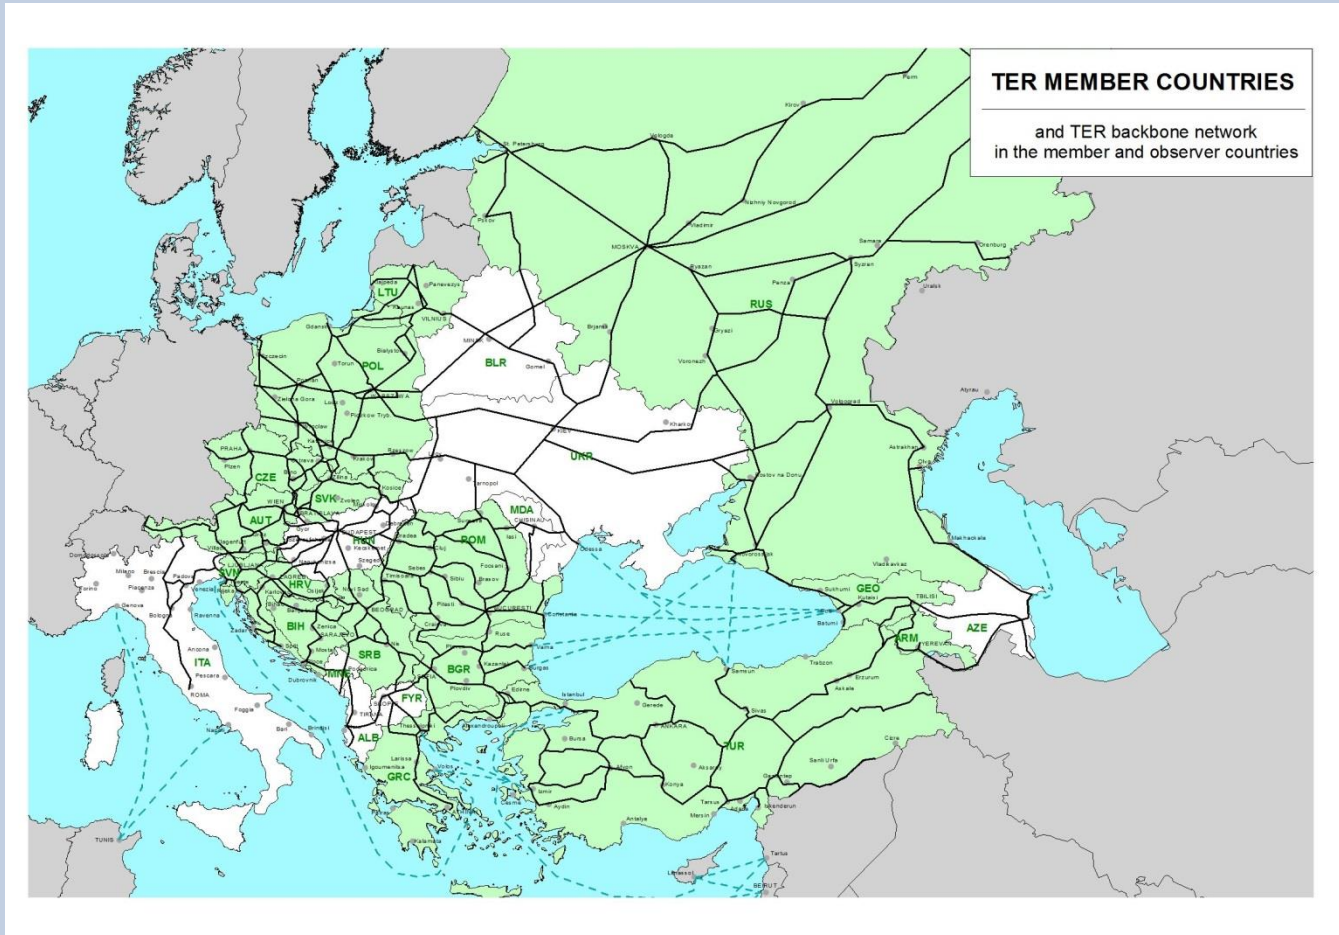

Participating countries:

Armenia, Austria, Bosnia and Herzegovina, Bulgaria, Croatia, the Czech Republic, Georgia, Lithuania, Poland, Romania, Russian Federation, Serbia, Slovakia, Slovenia and Turkey

Main objectives of the Project:

- ❑ To assist the integration process of European transport infrastructure systems;
- ❑ To improve the quality and efficiency of rail and combined transport operations;
- ❑ To develop a coherent and efficient international railway and combined transport system in accordance with the Nations UNECE Pan-European infrastructure agreements;
- ❑ To assist the participating countries in accelerating the construction, reconstruction and upgrading of coherent TER railway transport system through the identification of investment needs and priorities as well as investigation of financial resources needed;
- ❑ To promote and improve co-operation in all matters concerning rail transport between TER countries having different levels of development;
- ❑ To continue to disseminate the knowledge, expertise and know-how developed so far in the TER region to the other regions of the world.
