### Sixty-third session

Geneva, 6–8 November 2019

Item 5 of the provisional agenda

### Workshop “Integration of Inland Water Transport in Multimodal Transport and Logistics Chains”

## TRANS TRITIA project

**TRANS TRITIA**  
IMPROVING COORDINATION  
AND PLANNING  
OF FREIGHT TRANSPORT  
ON TRITIA TERRITORY

 This transnational cooperation project  
is funded by Interreg CENTRAL EUROPE and  
aims to improve sustainable freight transport.

Important transportation corridors cross the area of the European Grouping of Territorial Cooperation known as TRITIA, which includes parts of Poland, Slovakia and Czech Republic. The TRANS TRITIA project facilitates better planning and coordination among regional and local decision makers and freight transport stakeholders to make transport more environmentally friendly. Multi-aspect screening analyses and forecast analyses of multi-modal transport systems and logistic centres will be carried out. In addition, forecasts and recommendations will be drafted.
