International PPP Centre of Excellence

Capacity-building activities

- **11-12 December 2012:** Master Class on PPP programmes in CIS countries, Moscow, Russian Federation.

International PPP Centre of Excellence

- The Team's policy advisory and capacity-building activities are mostly financed through voluntary contributions...
- ...from public and private sector donors;
- in-kind support, where individuals provide their time and expertise, is also crucial for the success of the Team's activities

THANK YOU
