The 11th Innovative Central Asian Leadership Programme on Environment for Sustainable Development (CALP)

“Development of Collective Leadership and Environmental Volunteering to address Transboundary Problems in the field of Water Resources and Climate in Central Asia and Afghanistan in the context of Sustainable Recovery from COVID-19”, in support of the “Year of Volunteers in Kazakhstan”, 14-18 September 2020

Tatiana Shakirova, ESD Programme Manager, CAREC
October 19-20, 2020

Central Asian Leadership Programme, 11 years, 2010-2020

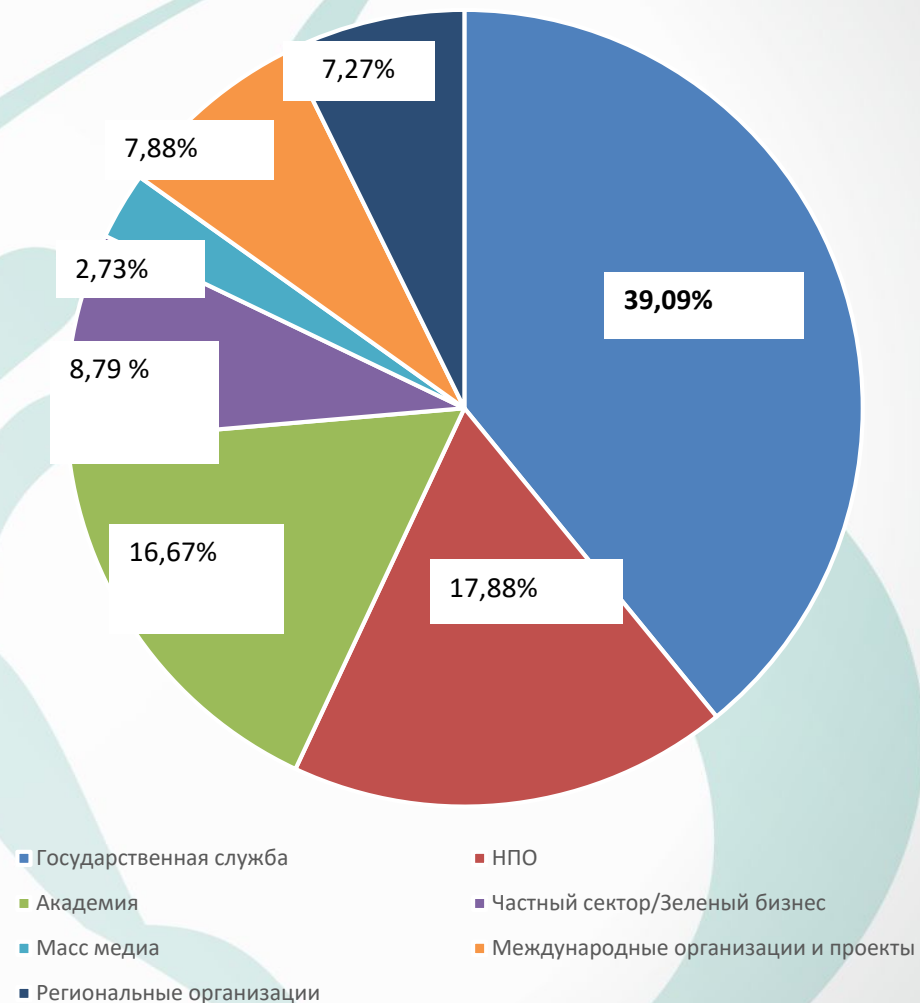

- Despite the challenges the COVID-19 pandemic brought, we collected on the ZOOM platform **46 young leaders from Central Asia and Afghanistan**, and about **70 exceptional speakers** from all around the world.
- In the light of the global pandemic COVID-2019, there is **an immediate need for an urgent recovery of economies, the environment**, and adaptation to the new challenges in relation to the health and education systems.
- The 11th demonstrated to the 11th CALP participants **not only the problems posed by the pandemic, but discussed the window of opportunities.**

Central Asian Leadership Programme, 11 years, 2010-2020

- ✓ **330 graduates from** Central Asian countries and Afghanistan
- ✓ In 2020 - **post-COVID recovery** as a thematic focus
- ✓ **6 international partners** supported CALP
- ✓ **Combination of online format and 6 national events** in Central Asian countries and Afghanistan
- ✓ More than **70 moderators and speakers** – representatives of international organisations, NGOs, academia
- ✓ Conducting CALP-2020 in **the Year of the Volunteer** - success stories, examples of volunteering and leadership
- ✓ **Session 5: “The role of ESD and digitalization of education** in response to global challenges” with Manana Ratiani
- ✓ In 2020 - **paper-free conference** via mobile App. - <http://calp.carececo.org/mobile/ru/agenda/>
- ✓ **Our graduates:** Vice-Minister of NEPA, Afghanistan, Deputy of Olij Majlias Parliament, Uzbekistan
