

Looking back and moving forward: celebrating the 20th anniversary of the entry in to force of the Water Convention and its global opening

Transboundary cooperation is a key element of the work of the International Commission for the Protection of the Rhine (ICPR). For more than 10 years, the ICPR and the UNECE Water Convention are sharing their knowledge and experiences. The global opening of the Water Convention will bring a vast array of fields together, with many new experiences. I wish the UNECE Water Convention a wonderful start of its global opening.

Anne Schulte-Wülwer-Leidig
