

Ministerie van Verkeer en Waterstaat

Task Force on Water and Climate – Future activities

Joost J. Buntsma

Ministry of Transport, Public Works and Water Management of the Netherlands

8 July 2009

Goals:

- Promotion of the Guidance and capacity building activities to foster its implementation
- Pilot projects aiming to implement the Guidance in transboundary basins in the UNECE region
- Platform for the exchange of experience on adaptation to climate change in the UNECE region

Activities

- Pilot projects as self-supporting activities
- Task Force on Water and Climate as coordinating mechanism for pilot projects
- Seminars and workshops order to stimulate exchange of knowledge and experiences
- Bring together experiences from the pilot projects
- Include experiences from other relevant projects
