

CONFERENCE OF EUROPEAN STATISTICIANS

Seminar on New Frontiers for Statistical Data Collection
(Geneva, Switzerland, 31 October – 2 November 2012)

Provisional Agenda and Timetable

Wednesday 31 October 2012

Time	Topic	Documentation
08:30-9:30	Registration	
09:30-09:50	Opening and introduction Chaired by John Dunne, Central Statistics Office, Ireland	
09:50-12:30	Session i: New data sources Session chaired by John Eltinge, United States Bureau of Labor Statistics (chaired via video link)	
	Use of Commercial Data in the German Business Register Susanne Maus and Roland Sturm, Federal Statistical Office, Germany	WP.2
	<i>WP.3 withdrawn</i>	
	An Investigation into Using Google Trends as an Administrative Data Source in ONS Daniel Ayoubkhani, Office for National Statistics, United Kingdom	WP.4
	Questions and discussion on WPs 2-4	
10:50-11:20	<i>Coffee break</i>	
	Optimal Survey Strategies in the Multivariate Multidomain Context With Multiple Sources of Administrative Information Covering Different Population Subsets Piero Demetrio Falorsi, Stefano Falorsi and Paolo Righi, Italian National Institute of Statistics (presented via video link)	WP.5
	Mobile Positioning as a Possible Data Source For International Travel Service Statistics Januus Kroon, Bank of Estonia	WP.6
	Questions and discussion on WPs 5-6	
	Session summary and conclusions	
12:30-14:00	<i>Lunch break</i>	

14:00-17:20	<p>Session ii: New methods and technologies Session chaired by Jenine Borowik, Australian Bureau of Statistics</p> <p style="padding-left: 40px;">Innovation at Statistics Netherlands WP.7 Barteld Braaksma, Nico Heerschap, Marko Roos and Marleen Verbruggen, Statistics Netherlands (presented by Statistics Netherlands delegates)</p> <p style="padding-left: 40px;">Designing Methods for Rapid Data Collection at a Low Cost WP.8 Arie Aharon, Central Bureau of Statistics, Israel</p> <p style="padding-left: 40px;">How can we utilize apps and smart phone technology in future data collection? WP.9 Øyvind Kleven and Rune Gløersen, Statistics Norway</p> <p style="padding-left: 40px;">Questions and discussion on WPs 7-9</p> <p style="padding-left: 40px;">New Solutions, Challenges, and Opportunities: CAPI the NASS Way WP.10 David D. Kleweno and Pamela K. Hird, United States Department of Agriculture/National Agricultural Statistics Service</p> <p style="padding-left: 40px;">A Quality Monitoring System for Statistics Based on Administrative Data WP.11 Predrag Četković, Stefan Humer, Mathias Moser, Matthias Schnetzer, Statistics Austria and Manuela Lenk, Eliane Schwerer, Vienna University of Economics and Business</p> <p style="padding-left: 40px;">Questions and discussion on WPs 10-11</p>
15:50-16:10	<p><i>Coffee break</i></p> <p style="padding-left: 40px;">New Conceptual and IT Frameworks for Statistics in the National Bank of Georgia WP.12 Nana Aslamazishvili, National Bank of Georgia (summary presented by session chair)</p> <p style="padding-left: 40px;">Rationalising Data Collection: Automated Data Collection from Enterprises WP.13 Juha-Pekka Konttinen, Statistics Finland</p> <p style="padding-left: 40px;">Towards a Modern Electronic Data Collection System WP.14 György Benoist, Hungarian Central Statistical Office</p> <p style="padding-left: 40px;">Questions and discussion on WPs 12-14</p> <p style="padding-left: 40px;">Session summary and conclusions</p>
17:20	<p>Closing of day 1</p>

Thursday 1 November

- 09:30-12:00 **Session iii: Legal and institutional aspects of using new data sources**
Session chaired by John Dunne, Central Statistics Office, Ireland
- Legal and Institutional Aspects Regarding the Use of New Data Sources in Official Statistics of Azerbaijan** WP.15
Gasim Aliyev and Aynur Sultanova, State Statistical Committee of the Republic of Azerbaijan
- Realising the Statistical Potential of Administrative Data** WP.16
John Dunne and John Hayes, Central Statistics Office, Ireland
- Questions and discussion on WPs 15-16**
- 10:20-10:45 *Coffee break*
- Beyond 2011 - the Future of Population Statistics** WP.17
Alistair Calder and Andy Teague, Office for National Statistics, United Kingdom (summary presented by session chair)
- The Statistical Data Warehouse: a Central Data Hub, Integrating New Data Sources and Statistical Output** WP.18
Harry Goosens, Statistics Netherlands
- A Systematic and Strategic System for Data Collection Management at Statistics Norway** WP.19
Bengt Oscar Lagerstrøm and Bente Thomassen, Statistics Norway
- Questions and discussion on WPs 17-19**
- Session summary and conclusions**
- 12:00-14:00 *Lunch break*
- 14:00-17:40 **Session iv: Data collection using mixed modes and multiple sources**
Session chaired by Hank Hermans, Statistics Netherlands
- Data Collection in the U.S. Bureau of Labor Statistics' Current Employment Statistics Survey** WP.20
Kenneth W. Robertson and Julie Hatch-Maxfield, Bureau of Labor Statistics, United States of America
- Organizational Challenges Using Mixed Modes** WP.21
Jeroen van Velzen and Hank Hermans, Statistics Netherlands
- Questions and discussion on WPs 20-21**
- 15:00-15:20 *Coffee break*
- Improving the Quality of Data Collection: Minimum Requirements For Generalised Software Independent from the Mode** WP.22
M.Murgia and A.Nunnari, Italian National Institute of Statistics
- Usage of Administrative Data Within Data Collection** WP.23
Olivier Goddeeris, National Statistical Institute, Belgium

Mixed Mode by Importing Accounting Data into Structural Business Statistics Web Questionnaires WP.24

Johan Erikson, Statistics Sweden (summary presented by secretariat)

Questions and discussion on WPs 22-24

2010 Population and Housing Census: Planning, Control and Follow-Up WP.25

Elsa Resano Pérez, Instituto Nacional de Estadística y Geografía, Mexico

Adding a Mode as a Final Step in the Follow-up of a Panel Survey WP.26

Anton Johansson and Birgitta Göransson, Statistics Sweden

ESSnet Project on Data Collection for Social Surveys Using Multi Modes (DCSS) WP.27

Karen Blanke, German Federal Statistical Office and Annemieke Luiten, Statistics Netherlands

Questions and discussion on WPs 25-27

Session summary and conclusions

17:40

Closing of Day 2: subscription dinner at 19:00, Cave Valaisanne, Geneva.

Friday 2 November

09:30-12:00

Session v: Economies of scale from using common tools and methods

Session chaired by Tuulikki Sillajõe, Statistics Estonia

Data Collection in the Statistical Office of the Republic of Slovenia WP.28

Mojca Noč Razinger, Statistical Office of the Republic of Slovenia

WP.29 withdrawn

Moving to Common Survey Tools and Processes: the ABS Experience WP.30

Jenine Borowik, Adrian Bugg and Brent Ross, Australian Bureau of Statistics

Statistics Estonia on its Way to Improving Efficiency WP.31

Tuulikki Sillajõe, Statistics Estonia

Questions and discussion on WPs 28-31

Coffee break

Electronic Questionnaire Collection at Statistics Canada WP.32

Milana Karaganis and Marc St-Denis, Statistics Canada

The Future of Statistical Data Collection? Challenges and Opportunities WP.33

Johan Erikson, Statistics Sweden, Gustav Haraldsen, Statistics Norway, Ger Snijkers, Statistics Netherlands

Questions and discussion on WPs 32-33

	Session summary and conclusions	
12:00-14:00	<i>Lunch break</i>	
14:00-14:40	Results of survey on organization of data collection in National Statistical Offices of participating countries Fiona Willis-Núñez, UNECE	WP.34
	Questions and discussion	
14:40-15:30	Future UNECE work activities relating to data collection Steven Vale, UNECE	WP.35
	Questions and discussion	
15:30-15:40	Adoption of the report of the seminar	
15:40-16:00	Summary and closing
