To whom it may concern

Thank you for the document you attached from DEFRA.

Please accept the attached two documents from myself for the deliberations of the Committee at the 69th meeting this week:

- 1) My response to DEFRA's argument and
- 2) Communication B 9material developments since Communication A was submitted).

I would appreciate it if you could forward to the Chair and the Panel prior to tomorrow's meeting, if possible.

Yours faithfully
Christine Gibson
