Dear Mr. Artur Bouten,

Thank you for issuing our proposals regarding legal changes in the TIR Convention (1975) on the relationship between the International organization and the national guaranteeing associations as informal doc. WP/30/AC.2 (2021) No. 6.

We are kindly asking your support in order to have a corrigenda to this document, as follows:

**The proposal from point 5:** *"In addition to the proposals to amend the text of the TIR Convention (1975), it would be useful to insert a recommendation in the text of the TIR Convention and also in the written agreement between the UNECE and the international organization that the reasons of an exclusion of a national guaranteeing association from the membership of the international organization should be related directly to the violation of the responsibilities of the national guaranteeing association against the guarantee system and the functioning of the TIR Convention."*

**to be withdrawn from the text at this stage, because is still under consideration to our legal department.**

Thank you very much for your support.

**Director general.**  
**Marcel Simion Mutescu**
