Paragraph 5.4.2.1, amend to read:

"5.4.2.1. The door shall remain latched;

This requirement is deemed to be fulfilled:

- (a) If it is clearly visible, that the door lock is latched; or
- (b) If the door does not open under a static tractive force of at least 400 N in the y-direction applied to the door, according to the Figure below, as close as possible to the window sill and to the edge of the door opposite to the hinged side, except to the door handle itself.
