Item 5 (b) of the provisional agenda

**Proposals for amendments to annexes A and B of ADR:
miscellaneous proposals**

Consequential amendment to 6.8.2.6.2 on inspection and test of tanks

Transmitted by the Government of France

Introduction

1. In September 2021, the Joint Meeting adopted some amendments to 6.2.4.2 on periodic inspection and test of pressure receptacles, deleting the rows in which column (3) shows expired dates, since the standards are no longer applicable.
2. To be consistent, the same amendment should be made to 6.8.2.6.2 on inspection and test of tanks.
3. Therefore we propose to delete the row in which column (3) shows “Until 30 June 2021”.

Proposals

4. In the Table in 6.8.2.6.2, delete the row starting with EN 12972:2007.
 5. For EN 12972:2018, in column (4) replace “Mandatorily from 1 July 2021” by “Until further notice”.
