Panel discussion and exchange of experiences on measures to support MSMEs working in the area of energy efficiency and renewable energy on implementation of recommendations in the current economic climate

UNECE

## Questions:

- What assistance do MSMEs working in the area of energy efficiency and renewable energy need and what can they do themselves to overcome the challenges after the Covid-19 pandemic?
- What can and should Governments do to help these MSMEs in recovering after the Covid-19 pandemic?

Outcomes of the project “Global Initiative towards post-Covid-19 resurgence of the MSME sector: Guidelines and Best Practices for MSMEs in delivering energy efficient products and in providing renewable energy equipment”

UNECE
