

Transmitted by the IWG on DETA

Informal document **WP.29-186-13**
186th WP.29, 8-11 March 2022
Agenda item 4.5.
(Document DETA-43-05e Rev.1)

***Report to 186th WP.29 session
from
the 43rd IWG on DETA meeting***

Database for the Exchange of Approval documentation

DETA

The secure internet database for exchanging approval documentation between the Contracting Parties of the 1958 Agreement,
as required to be established by the UNECE,
according to Revision 3 of this Agreement.

State of play

DETA is still under development but since May 2019 ready to be used for its base purpose:

- **34 Contracting Parties** have notified their DETA Focal Point (+1)
- App. **17300 approvals** uploaded (+5000) by **15 TAA**
- App. **5600 manufacturers** are uploaded and could be selected by TAA
- **13 manufacturers** have access to DETA (only to their own approvals)
(manufacturer's access is to be requested via their approval authority and to be forwarded to the DETA Administrator)

State of play – Developments

- **Contracting and implementation Unique Identifier**
 - contract for financial participation of industry is ready for signature
- **Mass Upload Functionality**
 - implementation in March
- **Two factor authentication**
 - request for quotation (freeOTP) under preparation
- **Q & A catalogue on the UI**
 - under development

State of play – Extension of scope

Extension of scope DETA following WP.29/AC.2 assignment

The IWG on DETA discussed

- Access to CS related information by the CPs of the 1998 Agreement (general information)
- Access in the course of PTI (1997 Agreement)

The IWG asks for further guidance from WP.29/AC2

State of play – Presentations to GRs

Feedback from GRs with regard to the UI

- **Ongoing, new presentation in preparation to clarify that:**
- UI by default applies to all UN Regulations under the 58 Agreement unless individual UN Regulations specify otherwise
 - For each UN Regulation where UI would not specifically be prohibited, the respective GRs should:
 - ✓ Identify which part(s) of the current marking should remain on the product, if at all
 - ✓ Identify which part(s) of the current marking should be transferred to the Summary Document

Questions to WP.29

WP.29 is requested to consider:

- Working doc (WP.29-185-13) amending the guidelines for the UI module ('product definition')
