Geneva, 30 and 31 May 2022 Item 2 (a) of the provisional agenda

Implementation of the United Nations Economic Commission for Europe Strategy for Education for Sustainable Development: progress in implementing the Strategy

Proposed topics for reporting on progress in the implementation of the United Nations Economic Commission for Europe Strategy for Education for Sustainable Development (2022 informal country reporting)\*

Note by the secretariat\*\*

## Summary

By its terms of reference, the United Nations Economic Commission for Europe (ECE) Steering Committee for Education for Sustainable Development is charged with monitoring progress in the implementation of the UNECE Strategy for Education for Sustainable Development (CEP/AC.13/2005/4/Rev.1, annex I, para. 4 (b)). The mandate of the Steering Committee as the principal decision-making body for the activities on the Strategy in the ECE region, responsible for giving guidance and strategic directions to the implementation of the Strategy and monitoring progress in its implementation, was extended until 2030 by ministers and heads of delegation at the High-level Meeting of Education and Environment Ministries held on 8 June 2016 in Batumi, Georgia, in the framework of the Eighth Environment for Europe Ministerial Conference (ECE/BATUMI.CONF/2016/2/Add.2, para 10).

In line with its renewed mandate, and according to the established practice, in addition to the mandatory national progress reporting carried out at the end of each implementation phase, countries are asked to submit informal reports to the Steering Committee on the progress achieved and the challenges encountered in implementing the Strategy. The secretariat will subsequently review all the reports submitted and prepare a presentation,

<sup>\*</sup> This document was scheduled for publication after the standard publication date owing to circumstances beyond the submitter's control.

<sup>\*\*</sup> The present document is being issued without formal editing.

which will identify the major themes and interesting developments with regard to the implementation of education for sustainable development in the ECE region.

To facilitate this process, the secretariat, together with the Chair of the Committee and in coordination with the Bureau, has prepared the present document — a brief questionnaire on progress made and challenges encountered in the implementation of the Strategy since the last mandatory reporting exercise undertaken in 2018 and the informal reporting exercise undertaken in 2021. Countries are kindly requested to fill in the questionnaire and submit it to the secretariat before 13 May 2022.

- 1. National reporting on the progress achieved in the implementation of the United Nations Economic Commission for Europe (ECE) Strategy for Education for Sustainable Development offers a valuable opportunity for countries to learn from each other and to share newly produced resources and materials within and beyond the ECE region.
- 2. In preparation for the seventeenth meeting of the ECE Steering Committee on Education for Sustainable Development, countries are requested to fill in the questionnaire below, informing on progress made and challenges encountered in working on priority action areas after the fourth mandatory reporting cycle carried out in 2018 and since the sixteenth Steering Committee meeting (Geneva, 10 and 11 May 2021).
- 3. In the below questionnaire, particular attention is paid to the main priority strands of the Strategy's new implementation framework (2021–2030) (ECE/CEP/AC.13/2022/3), focused on:
  - (a) quality education and ESD;
  - (b) whole institution approach and ESD;
  - (c) digital education, information and communications technology and ESD;
  - (d) entrepreneurship, employability, innovation and ESD; and youth and ESD.
- 4. Countries are kindly requested to submit this information in writing to the secretariat via e-mail (nona.iliukhina@un.org and esd@unece.org) by 13 May 2022.
- 5. The secretariat will review the information submitted and deliver a brief synthesis presentation at the Steering Committee's seventeenth meeting. The presentation will be followed by an interactive discussion.
- 6. Countries will be invited to complement the secretariat's presentation with interventions on outstanding activities and initiatives implemented since the sixteenth Steering Committee meeting (Geneva, 10 and 11 May 2021), in particular regarding how the implementation of national strategies for ESD contributes to the new developments and challenges for ESD in the region. Given the limited time available, countries will only have up to three minutes each for interventions from the floor.

Questionnaire for 2022 informal country<sup>1</sup> reporting on the implementation of the priority action areas of the newly drafted framework for the future implementation of the **UNECE Strategy for Education for Sustainable Development** from 2021 to 2030<sup>2</sup>

Advances made and challenges encountered since the sixteenth Steering

Committee meeting in May 2021			
I. Priority a	ction area (a)		
Encouraging countries to embed ESD into quality standards, frameworks and resources associated with formal quality assessments and institutional reviews			
1. Are there currently any national or subnational quality assessment/enhancement systems that address ESD in your country?			
YesX No No	• Please specify: MOS https://www.mosvlaanderen.be/ is a kind of quality enhancement system. Target group: schools for children from 3 to 18 years		
	• Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic		
	lity frameworks exist in your country, for integrating eachers' professional development?		
Yes No X	• Please specify Not really, but we are working on it: online learning module 'Teaching for and about sustainability', EDO-Rubric: to screen the teaching learning situation.		
	• Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic		
II. Priority a	ction area (b)		
Promoting the whole institution formal, non-formal and info	ation approach (WIA) (or whole school approach (WSA)) in every institution of ormal education		
the field of gove development, te	ere been any significant advancement made in your country in ernance, curriculum, leadership, teachers' professional eaching methods, collaborations, facilities and infrastructure for ication of WSA/WIA to ESD in formal education?		
Yes X No 🗌	<ul> <li>Please specify Less on policy level, but in practice: MOS (3 – 18 year) and Ecocampus (+18): https://omgeving.vlaanderen.be/hoger-onderwijs promotes WSA/WSI</li> </ul>		

<sup>&</sup>lt;sup>1</sup> Countries with a federal structure are free to provide several inputs or questionnaires from different states or entities, if appropriate.

<sup>&</sup>lt;sup>2</sup> See framework for the implementation of the United Nations Economic Commission for Europe Strategy for Education for Sustainable Development from 2021 to 2030 (ECE/CEP/AC.13/2022/3). ## IV. Priority action area (d)

Enhancing entrepreneurship and employment within ESD  1. Are there changes in curricula focused on developing (new) skills, aimed at increasing levels of entrepreneurship and the greening of economies (e.g. in TVET and higher education programs?)?			
	mechanisms on the national level that strengthen epreneurship competences related to ESD?		
Yes ☐ No ☐X	<ul> <li>Please specify Not on national/regional level. Exemplary, there are a few experimental initiatives like Green office (higher education)</li> <li>Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic</li> </ul>		
	incentives for ESD on the national level which prepare ustainable entrepreneurship and green jobs?		
Yes No	<ul> <li>Please specify there are a few initiatives for example:         VLAJO https://www.vlajo.org/ and         https://www.vlajo.org/internationaal/lid-van-ja-europe</li> <li>Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic</li> </ul>		
V. COVID-1	9 and ESD		
1. Has COVID-in your country?	19 impacted the implementation of the UNECE Strategy for ESD		
Yes X No	<ul> <li>Please specify how and what challenges occurred In the beginning of the covid, we didn't know that this period would take so long, so everything has been postponed in time. We were not familiar with online education and events. We had to look at how to reach our target audience online</li> <li>Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic</li> </ul>		
opinion, would stren	lessons learnt in your country from COVID-19, which, in your ogthen the role of ESD in the national context as a vehicle for and citizens to be more resilient in future emergencies?		
Yes X No	• Please specify There is now an increased use of digital learning. Problem is, not all teachers and educational		

staff are on board with the technology and not every education is suitable for online sessions

 Please indicate if you wish to make a presentation on this topic or if there is an outstanding initiative in your country on this topic
