New provisions for fibre-reinforced plastics tanks – consequential amendment

Note by the secretariat

Introduction

1. In ADR applicable as from 1 January 2023, the title of Chapter 6.9 reads “Requirements for the design, construction, inspection and testing of portable tanks with shells made of fibre-reinforced plastics (FRP) materials”.
2. In 3.2.1, the explanatory note for Column (10) of Table A has also been amended to include a reference to this Chapter 6.9 as follows: “For fibre-reinforced plastic portable tanks, see Chapter 6.9.”
3. The Working Party may wish to align the wording of the explanatory note for Column (10) on the wording of the title of Chapter 6.9, as this is already done in RID.

Proposal

4. In the explanatory note for Column (10), amend the third paragraph to read:
“For ~~portable tanks with shells made of FRP materials~~ ~~fibre-reinforced plastic portable tanks~~, see Chapter 6.9.”
