

Item 5 (5)

National policy measures to promote intermodal transport

ECE/TRANS/WP.24/2022/5

Future reporting on ECMT Consolidated resolution on combined transport

What information collection tool?

- Collection of information through MS Word /MS Forms survey considered as the simplest way
- Tailor-made tool can also be developed (subject to funding for development and maintenance)

Future reporting on ECMT Consolidated resolution on combined transport

Other reflections

- WP.24 tasks: (i) monitor and analyze (ii) monitor the implementation
- Analysis? => analysis could result in issuing specific recommendations for application of given measures

Future reporting on ECMT Consolidated resolution on combined transport

Other reflections / how to analyze policy measures

- Can we use MS Forms to detect measures:
 - for which objectives and issues should be discussed/adjusted
 - which should be further strengthened
- Refocus of the survey on issues not otherwise covered by WP.24
 - => a group of volunteers to make an initial assessment
