

Session 5 Global and regional context: relevant processes on water, sanitation, hygiene and health

Global reports on water, sanitation, and hygiene (WASH) services

Rick Johnston, WHO Headquarters
(johnstonr@who.int)

6th Session of the
Meeting of the Parties to the Protocol on Water and Health
16-18 November | Geneva | Switzerland

WASH in schools

WASH in health care facilities

- Special focus on WASH and infection prevention and control (IPC)
- First global baseline for hygiene services
- Poor data coverage for Europe

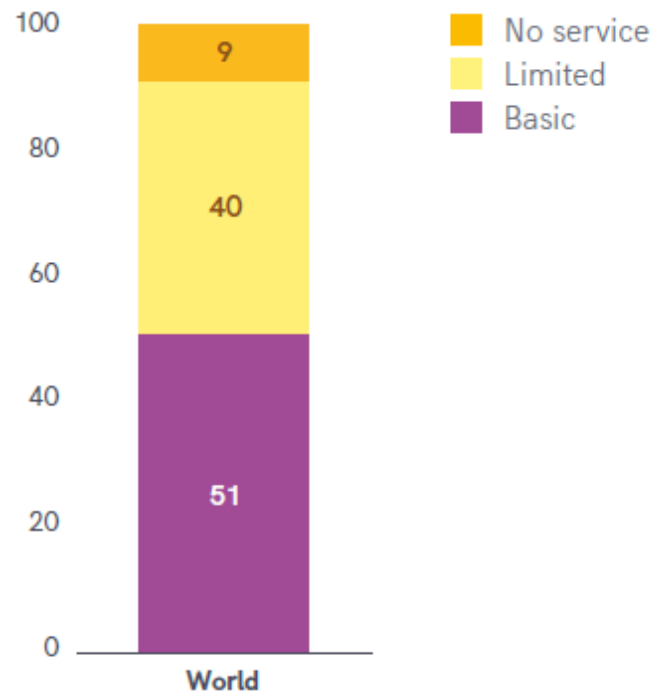

FIGURE 2

Global coverage of hygiene services in health care facilities in 2021 (%)

WASH in households

- Country consultation starting soon for 2023 report (~June 2023)
 - Draft estimates to be circulated
 - Any national data sources missing?
 - Any data sources that we should not use?
 - Any mistakes in the data extraction?
- Increasing use of data reported to Eurostat
 - Joint Questionnaire on Inland Waters (wastewater)
 - Urban Wastewater Treatment Directive (article 4 compliance)
- Use of drinking-water quality data from the **national summary reports of the Protocol** implementation (25 countries)
