

Note by the secretariat

Informal document **GRVA-15-47**
15th GRVA, 23-27 January 2023
Agenda item 4(f)

Information on areas of common interests identified

During the FRAV-IGEAD Workshop 7.-8.11.2022

The Hague

List of items of common interests to be explored

- 1) External communication (by any means of communication)
 - Other road users
 - Tools to support enforcement activities
 - Share and document research on this topic
- 2) Short glossary/terms and the definitions we use
 - Explaining possible differences in the terminology used by the WPs, as well trying to make the terminology in line with each other to the extent possible/two columns
 - Should be a living document (align emerging terms definitions)
- 3) Electronic format of traffic rules
 - Data base => under the responsibility of a group to translate and find common electronic format
- 4) Safe vehicle behavior/traffic rules, including:
 - HMI=>interaction with the humans? E.g. no requirement for special training or reading the manuals.
 - Identifying the gaps that there are now
 - Universal principles for safe driving
 - Possible deviation from traffic rules by the ADS

Ideas for next steps

- Get feedback from the respective parent bodies by March 2023
- Start working on the items on the list (1-4) in smaller groups, creating basis for further discussions
- Continue discussion in common remote meetings, item by item.
 - Some items will require lots of further work, others may have results sooner.
- Physical common workshop at least once a year
 - With varying locations
