

## **Proposal for a Supplement to the 01 series of amendments to UN Regulation No. 149**

### **I. Proposal**

*Add new paragraph 5.3.3.8.2.:*

“5.3.3.8.2. In case a Driver Assistance Projection is approved as part of the driving-beam light distribution an indication shall be made in the communication form in Annex 1.”

*Annex 1, add new paragraph 9.2.10.7.:*

“9.2.10.7. The adaptive main-beam may produce Driver Assistance Projection according to UN Regulation No. 48: yes/no<sup>2</sup>”

### **II. Justification**

Headlamps may be able to produce Driver Assistance Projection according to UN Regulation No. 48 if the pertinent requirements of UN Regulation No. 149 are fulfilled. In order to have a clear statement whether the approval of the headlamp include this ability or not it is proposed to integrate this information in the communication form in Annex 1 of UN Regulation No. 149.
