Progress assessment

Growing Challenges for Sustainable Development:
Can the UNECE Region Turn the Tide in 2023?

w3.unece.org/sdg2023

- Anticipated 2030 value for each data series and each country. Region = median of countries
- Desired target value for the region: directly from the 2030 Agenda or using the “champions area” approach
- Anticipated Progress Index: how far the anticipated 2030 value would be from the desired target value
- Index scores are aggregated to the level of SDG targets, and categorized:
