Date: Wednesday 29 March 2023 15:38:17

Dear Bernie,

Further to Dr. Logue's email below, please note that the Commissioner is currently considering Right to Know's submission regarding deferral of appeal fees. Please do not reject this appeal, or any other appeal that may be submitted by Right to Know on the basis of unpaid fees, until such time as the Commissioner has decided a course of action in this regard.

Many thanks,

Deirdre McGoldrick | Senior Investigator | Office of the Commissioner for Environmental Information and Office of the Information Commissioner | 6 [REDACTED]

Dear Bernie

Due to the high costs of appeals I have written to your office asking it to defer charging the appeal fee. I have copied Ms McGoldrick, and would ask you not to reject my appeal while the request for deferral is outstanding, and indeed in order to progress matters I wish to make the usual submission in the mean time.

Fred
