- Over the intercensal period **2009-2021**, the number of **arrivals reduced by more than two times** compared to the previous intercensal period – from **650.7 thousand** down to **322.7 thousand**
- In total, during the intercensal period the **largest** group of people who arrived from abroad were **Kazakhs – 228.7 thousand** or **71%** of the entire arriving population
- People arriving from abroad are mostly in Almaty Region (**47.3 thousand**) and Mangistau Region (**28.7 thousand**)

Internal migration

2,739,775

(2,381,233*)

Arrivals

Departures

- For the most part, migration from the provinces of the RK is to the city of Almaty – **379.4 thousand**
- Almaty region is one of the **leaders** both in terms of the number of arrivals – **306.5 thousand**, and in terms of the number of departures – **327.1 thousand**
- The **smallest number of people migrating** within the country moved to Kyzylorda and North Kazakhstan regions – **77.9 thousand** and **77.1 thousand**, respectively
- The **capital** is one of the leaders for **arrivals** – **298.2 thousand**, with that, there are not many departures to other regions of the country – **96.5 thousand**

People with physical dysfunctions

(5 years and older):

Visually impaired even when using spectacles, contact lenses

1,910,967

(Including fully impaired 7,569)

Have problems walking or moving upstairs

1,097,977

(Including fully impaired 25,425)

Hearing-impaired even when using a hearing aid

767,623

(Including fully impaired 9,084)

Problems with memory and/or attention focusing

787,216

(Including fully impaired 14,165)

- Of the population aged 5 years and over, the share of people who do not **experience problems with:**

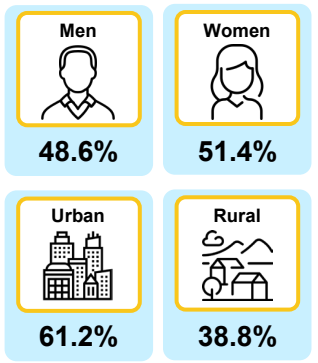

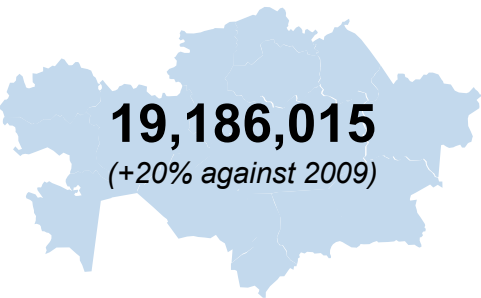

Eyesight – **88.9%**;

Hearing – **95.5%**;

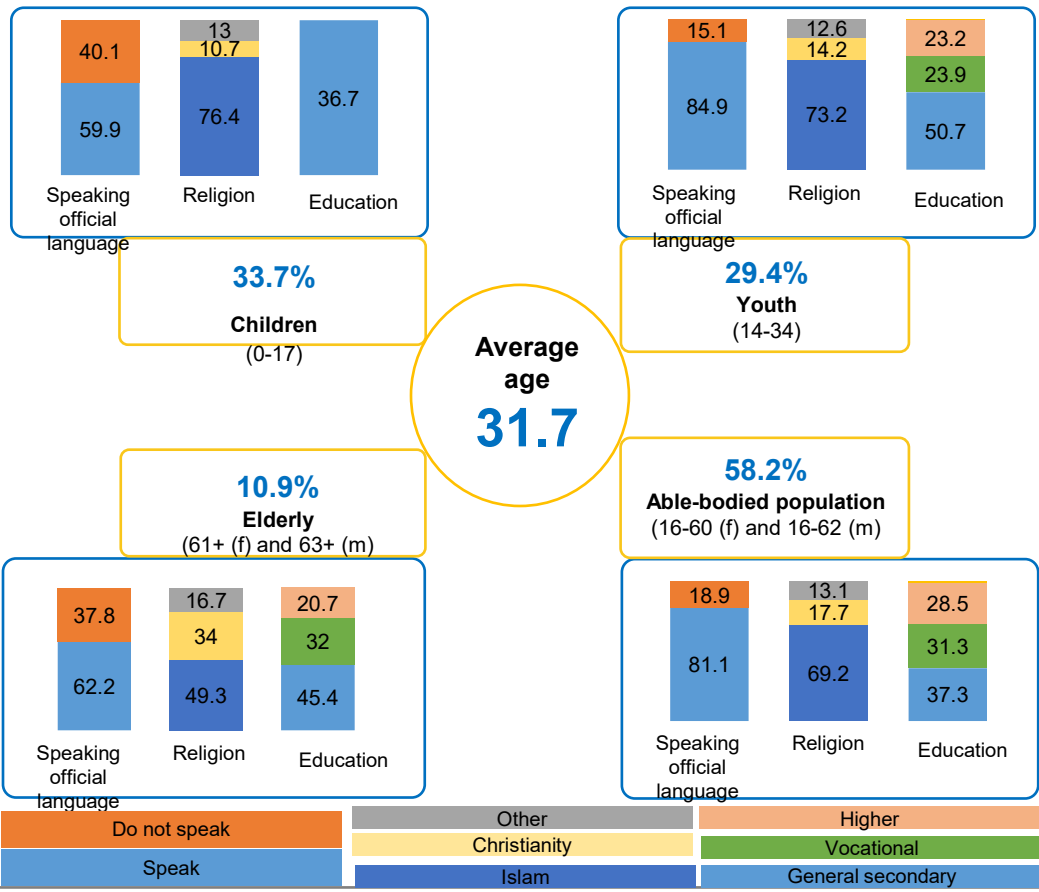

Walking – **93.6%**;

Memory – **95.4%**.

- **Most people** with physical dysfunctions live in the city of Almaty (**543.6 thousand**), East Kazakhstan Region (**442.6 thousand**) and Karaganda Region (**436.3 thousand**)
- **Most people** with physical dysfunctions are aged 60 to 64 years – **489.2 thousand**

Population structure, %

Out of 100 residents of the RK there are on average:

Average age - 33.2 (32.5*)

Married - 49.1% (52.2%*)

Divorced - 7.2% (7%*)

**With physical
dysfunctions -
2.9 million**

**Have income over
200,000 tenge - 8%**

**15% (15.4%*) migrated within
the country**

**Work in education or health care -
21.7% (26.7%*), trade - 16.1% (18.9%*),**
