EGA - Electronic Government Agency
TISCS – Technology, Information and
Cyber Security Service
LRCA – Land Relations and Cadastre Agency

USAID Institutional and Structural Reforms Program in Moldova

- **financial-digital education of the population**
- **digitization of the management processes of public institutions**
- **improving the institutional environment, the business environment and trade facilitation**
- **the adoption of structural reforms and those related to the investment climate**
- **improving economic governance within the public sector**
- **enhancing strategic communication between the public and private sectors**
- **other related fields.**

How can UNECE support us?

1. **Support with methodologies** for the development of integrated territory management plans.
2. **Dissemination of good practices** of cities that have managed to implement effective projects in the administration of territories.
3. **Financial support** for the development of standardized software for land management and the issuance of permissive documents for construction.
