

## **Committee of Experts on the Transport of Dangerous Goods and on the Globally Harmonized System of Classification and Labelling of Chemicals**

**Sub-Committee of Experts on the Transport of Dangerous Goods**

**20 November 2023**

### **Sixty-third session**

Geneva, 27 November-6 December 2023

Item 1 of the provisional agenda

### **Adoption of the agenda**

## **Reception by NGO's**

### **Note by the secretariat**

The secretariat has been invited to circulate the invitation below on behalf of NGO's participating in the session:

The non-governmental organizations are pleased to announce that a reception will be held in conjunction with this session of the Sub-Committee of Experts on the Transport of Dangerous Goods. This opportunity for all delegates to the TDG Sub-Committee to meet socially is an important element in promoting the friendly way in which we conduct our business. The reception provides a chance to meet informally beyond the time constraints of the meetings. All delegates, staff, interpreters and partners are invited and encouraged to attend.

The reception will take place on Tuesday, November 28, 2023, directly after the meeting and will be held at the restaurant Mama & Zita located on Chemin Camille-Vidart 13, 1202 Geneva. A map is attached. Beverages, appetizers and pizza will be provided for a period of 2 hours. Delegates can stay longer at their own expense.

The following organizations are recognized for their generous support:

FEA, the European Aerosol Federation; CGA, the Compressed Gas Association; WCC, the World Coatings Council; Cefic, the European Chemical Industry Council RECHARGE, the European Association for Advanced Rechargeable Batteries; COSTHA, the Council on Safe Transportation of Hazardous Articles; EIGA, the European Industrial Gases Association; ICPP, the International Confederation of Plastics Packaging Manufacturers; SAAMI, the Sporting Arms & Ammunition Manufacturers Institute; PRBA, the Portable Rechargeable Battery Association; ICDM, the International Confederation of Drum Manufacturers; AEISG, The Australasian Explosives Industry Safety Group; and RPMASA, the Responsible Packaging Management Association of Southern Africa.
