WATER MONITORING – COVID-19 WASTEWATER MONITORING

New EU standard of WW-based epidemiology: early detection, representative, low cost

- Practical training of National Agency for Public Health (NAPH) on methods in Feb. 2023 and online: support on methods, normalization of data in July 2023
- Key-note support in national scientific conference in Nov. 2023 in Chisinau
- Intl. conference on institutionalization, together with EC in July 2023 (online)
- Establishment of continuous wastewater monitoring: scientific guidance.
- **Next steps and milestones in 2024:**
 - Need to set up a **national procedure** btw health & water sectors on **regular data** production on **wastewater epidemiology** (polio, influenza, cholera...)
 - Further **trainings on methods** incl. virus **sequencing** and **data processing**
